## GMS 650 Z

- Continuous torque up to 650 Nm
- Breakaway torque up to 900 Nm
- Adjustable speed up to 55 rpm
- Weight: 5.5kg
- Li-HighPower battery pack 18V/4.0Ah

## GMS 300 P

- Continuous torque up to 300 Nm
- Breakaway torque up to 450 Nm
- Adjustable speed up to 130 rpm
- Weight: 3.5kg
- Li-HighPower battery pack 18V/4.0Ah

UNLIMITED MOBILITY:

# THE GMS SERIES FROM WERO

3 YEARS WARRANTY on the wero drive

Do you want a high level of flexibility with your gate valve wrench? Then the wero **GMS 300 P** and wero **GMS 650 Z** gate valve wrenches are the right choice for you. The rechargeable battery technology enables the user to operate the wero machines quickly and mobile in a wide range of applications.

The wero **GMS 300 P** with a continuous torque of **up to 300 Nm** and a breakaway torque of **up to 450 Nm** is particularly popular for daily gate valve maintenance. With **up to 130 revolutions per minute** and a weight of less than 4 kg, the wero GMS 300 P is a perfect work facilitation - quickly and effectively.

Another highlight in the GMS series is the wero **GMS 650 Z**. With the **werowave gear**, the gate valve wrench is available to the user with a continuous torque of **up to 650 Nm** and **up to 55 revolutions per minute**. At its peak, a breakaway torque of up to 900 Nm can be achieved - even sluggish gate valves can therefore be operated effortlessly with the wero GMS 650 Z. The gate valve wrench weighing 5.5 kg is used in the gas in the gas, water, wastewater, industrial, and environmental sectors. The series is complemented by the comprehensive range of wero accessories, making it powerful and mobile.

GMS 650 Z

*Adapter plate 360° rotatable for flexible positioning of the support function*

## WERO ACCESSORIES

**Our machines are customizable and expandable, including options such as a side gear, compatible multi-function adapters for hand wheels, adapter for square protectors, wero telescopic drive linkages, and much more.**

## THE GMS 650 Z AS SET

**Both GMS models are available in an attractive complete set in a case (see reverse side).**

### WMS 1000 P

- Continuous torque up to 1000 Nm
- Adjustable speed up to 40 rpm
- Weight: 8.9 kg
- 240 V nominal voltage hardwired

### WMS 800 Z

- Continuous torque up to 800 Nm
- Adjustable speed up to 58 rpm
- Weight: 6.8 kg
- 240 V nominal voltage hardwired

**POWERFUL AND GENTLE:**

# THE WMS SERIES FROM WERO

3 YEARS WARRANTY on the wero drive

Do you operate very stiff gate valves? Then you've come to the right place. wero has been one of the leading suppliers of gate valve wrenches in Germany for more than 35 years.

With the WMS series wero shows competence and strength. The wero **WMS 800 Z** and **WMS 1000 P** are even able to move stiff gate valves effortlessly and smoothly. The WMS series is used in particular in the high-pressure gas, waste water and industrial sectors and meets your requirements at the highest level.

The wero **WMS 800 Z**, with a weight of 6.8 kg, offers a peak torque of **800 Nm at about 21 to 58 rpm**. The wero **WMS 1000 P**, with an inch square outlet and correspondingly solid accessories, achieves peak torques of **up to 1000 Nm at about 15 rpm**. Both wrenches have a drive with two gears and electronic control with adjustable torque limitation.

Would you like a little more? The extensive range of accessories is rounded off with a front gear, allowing the performance to be increased multiply. In the field of gate valve wrenches, wero offers options with 1500 Nm and more – wero: Powerful and gentle.
